X-CHAIN-LED

4x88W LED - 7M

Our engineers know that the market needs a lighting tower that is rugged, long lasting and safe. The X-CHAIN ATEX has been created beginning from these characteristics. It is the best solution to your needs and guarantees 2400 sqm of illuminated area. 32 units can be loaded on a standard truck. To all of this, we added the technology that allows for maximum fuel efficiency and reliability.

APPLICATIONS

-  Special events
-  Rural & hard to reach areas
-  Emergency response
-  Construction & work sites
-  Gas, oil & mining operations
-  Military applications

7 m

330Kg

340°

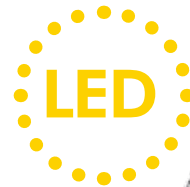

2400 sqm

power

- ATEX lighting tower for explosive areas
- Multi-directionally adjustable and tiltable floodlights
- 5 sections hydraulic vertical tower 7m, 340° rotatable
- Manual lifting system by winch complete with auto-braking system
- Galvanized metalworks
- 80 µm powder coating
- Very compact dimensions for easy handling & transportability, up to 32 units per truck
- Light weight for improved manoeuvrability
- Central lifting eye, forklift pockets for effective handling
- Armored cable c/w plug to light up the unit
- Certified wind stability up to 110 km/h
- 4 extendable & height adjustable stabilizers
- On board levels for guidance during stabilization
- Patented mast emergency brake which prevents the falling of the mast in case of cable failure

Illuminated area
2400 sqm

PATENTED
The first lighting tower in the market that has a patented mast emergency brake system to improve safety of the operators on site (Registration number: 102017000044431)

Antiexplosion
