Pressure-Flow Curves

Flow Rate (liters/min)

Z60 vs Ex45

- 25% more pressure = 345 Bar dynamic
- 10 to 15% more volume @ highest possible dynamic pressure +/- 2,7 liter/min (2,3 lpm with Ex45)
- Variable power
 - More incoming voltage, more power
 - Makes use of all available power
 - 240 Volt max, single phase, 16 Amp power draw
 - No ATEX approval

E-Xtreme Z60

Electric fan to cool motor

Check Valve

E-Xtreme Z60

Unit number:	25P 245
Includes:	E-Xtreme Z60 pump 145cc lower pump with filter 15 meter, 3/8" HP hose, 1,8m whip XTR 7 gun with XHD tip heavy duty cart
Max pressure (dyn)	345 Bar, 5.000 PSI
Max flow rate <u>at max</u> <u>Pressure:</u>	2,7 ltr/min (0,7 gpm)
List price:	9.685 USD
Introduction promotion until end of June:	50% discount for all PCE 1K specialists
